

Employer's Agent Representative

EBENAESER

We require the services of a professionally registered Civil Engineer/Technologist to fulfil the primary functions of Employer's Agent Representative (Engineer's Representative) for the CONSTRUCTION OF THE EBENAESER BULK IRRIGATION REVITALISATION PROJECT, WESTERN PROVINCE. The appointment is for a period of 18 months, subject to completion date of the project.

Minimum Requirements:

- BSc, BEng in Civil Engineering with not less than 8 years relevant experience in the site supervision and construction administration of GRP or similar large diameter pipelines and registered as a PrEng or PrTech with ECSA;
- Computer Skills: Microsoft Office (including MS Projects, Excel and Word);
- Proven experience in the supervision and construction administration of similar projects;
- Working knowledge of GCC 2015 general conditions of contract and SANS 1200 specifications;
- Proven Administrative, Communication, Writing and Presentation skills;
- Experience in civil engineering quantities and preparation of works cost estimates;
- Valid South African drivers' licence with own reliable transport;
- HDI status will be an advantage.

Job Specification:

- Senior Employer's Agent Representative responsible for the daily site supervision and construction administration of the project, based in East London;
- Liaising with Client bodies, business owners, stakeholders and dealing with the public;
- Lead, co-ordinate and mentor junior site staff;
- Fulfil Project Management functions, including programme, financial and quality management, project administration and project reporting.
- Undertake and co-ordinate Contract Administrative Functions, including Site inspections, Cost Estimates, Contract Administration and Certifications;
- Conduct site visits and inspections, quality checks, on-site measurements and attend and provide inputs at site and technical meetings.
